

Product Data

Coating for Protection of Surfaces Subject to Hot Aqueous & Hydrocarbon Immersion

Belzona® 5892 is a cost-effective two component coating system for the corrosion protection of metallic surfaces operating in immersed conditions. It will protect against attack from aqueous solutions and hydrocarbons operating at temperatures up to 95°C (203°F).

Belzona® 5892 will:

- Extend equipment life
- Cut downtime
- Protect against corrosion damage

Belzona® 5892 can be hand or spray applied and post cures in service resulting in reduced production downtime.

Belzona® 5892

Filter

Diffuser

Storage Tanks

Separators

Applications for Belzona® 5892 include:

- Separators
- Storage Tanks
- Condensers
- Knockout Drums
- Evaporators
- Condensate Tanks
- Filters
- Diffusers
- Coalescers
- Heat Exchangers
- Boiler Feed Systems
- Stock Chests

Belzona® provides the solution to your repair and maintenance needs.

BELZONA[®]
Repair • Protect • Improve

Belzona® 5892 is:

Simple

- Hand or spray applied
- Cures at ambient temperatures
- Post cures in service
- Long overcoat window with two coat application

Safe

- Suitable for contact with hot potable water
- Spark testable
- Solvent free

Versatile

- Suitable for continuous immersion in water, aqueous solutions and hydrocarbons up to 95°C (203°F)
- Compatible with cathodic protection systems

Effective

- Will outperform conventional VEGF coatings in terms of mechanical strength and adhesion together with reduced shrinkage and VOC emissions
- Long term corrosion protection
- Resistant to rapid depressurisation
- Resistant to steam out processes

Belzona® 5892

Coalescer

Certified to NSF/ANSI 61

QUALITY PRODUCTS - TECHNICAL SUPPORT

The Belzona® product range is manufactured through stringent quality and environmental control guidelines complying with the internationally recognised requirements of **ISO 9001:2008** and **ISO 14001:2004**.

Belzona® has a global distribution network of over 140 Distributors operating in 120 countries. Local support is provided by a trained Technical Consultant who will diagnose the problem, recommend the solution and provide 24 hour on-site application supervision and advice.

Belzona products are manufactured under an ISO 9000 Registered Quality Management System
